Facilitator's Guide: How to Implement a Workers' Compensation Management Program

This 32-page guide describes how to assess, benchmark, design and implement a workers' comp cost containment system using Workers' Comp Kit[®]. It covers how a workers' compensation coordinator assesses their workers compensation program, designs program materials, rolls out a company-wide program, and monitors and manages the program once implemented.

Includes sample forms and documents including:

- Timetable
- Facilitator's Agenda
- Injury Coordinator Job Description
- Sample Letter to Divisions with Assessment Results
- Sample CEO Roll-Out Letter
- Sample Kick-Off Letter
